International Program Manager

Managed \$2M - \$3M annual portfolios, built repeatable review mechanisms, improved cycle time and quality, and implemented structural and efficiency improvements to project systems (Fluxx). Program/operations leader and recent MBA – International Business graduate with 10+ years running multi-country portfolios and end-to-end selection and compliance workflows. Targeting Program Manager, Global Engagement, and Strategic Partnerships roles.

Selected Impact

- Owned end-to-end competitive award cycles (solicitation, review, contracting, monitoring, and closeout) for up to \$3M annual portfolio of international grants and fellowship with upwards of 300 applications annually
- Built new workflows and application forms in Fluxx; led data migrations that improved reporting efficiency
- Scaled applicant pipeline via targeted outreach, driving record application volumes in 2024 and 2025
- Built new partnerships to launch and operationalize innovative fellowship and residency programs

Areas of Expertise

Program Management · Stakeholder Engagement · Team Leadership · Strategic Partnerships · Project Systems (FLUXX Database) · Workshop Facilitation · Data Analysis · Financial Oversight · Compliance and Reporting · Monitoring & Evaluation (M&E) · RFP & Solicitation Design · Dashboard Development · Project Management Professional (PMP)

Work Experience

U.S. Institute of Peace (USIP)

Washington, DC

Director (Program Operations/Grants & Fellowships)

2022 - 2025

- Owned end-to-end grants/fellowships operating model (solicitation, templates, compliance, review, award, monitoring, closeout) for \$2M annual portfolio, ensuring on-time decisions and clean documentation
- Implemented and scaled Fluxx workflows (intake, review, decision, and reporting), led data migration and records integration, and improved visibility into deliverables, deadlines, and compliance status
- Improved implementation of the annual Peace Scholar Fellowship workshop for 20+ PhD candidates, facilitating pitch coaching sessions focused on translating research into policy impact. Grew top-of-funnel pipeline through targeted outreach to underserved universities, driving record application volume (2024 and 2025) and improving cohort diversity
- Launched and scaled partnerships with DoD-Minerva Research Initiative and the Defense Security Cooperation University to expand fellowship offerings, aligning program and stakeholder priorities while maintaining perfect compliance rate
- Built the new John Lewis Fellowships program, enabling international peacebuilders to engage in a two-month research and training residency in Washington, DC
- Drove Executive and Board alignment by authoring decision memos and presenting grant/fellowship portfolios for approval
- Spearheaded new Congressionally-directed grant competition focusing on supporting democracy and human rights research initiatives in conflict zones worldwide, coordinating agreement templates and compliance requirements
- Represented USIP at public fora including international thematic and academic conferences such as the Environmental Peacebuilding and International Studies Association Conferences
- Conducted grant monitoring missions across Africa, Asia, and Latin America, analyzing program and financial performance against success criteria, delivering M&E reports to leadership, and authoring analytical articles on grantee's fieldwork
- Assessed and improved quality of grantee and fellow deliverables, such as evaluations, training manuals, and publications
- Liaised with field offices to support project oversight and expand grantee and fellow networks

- Standardized full-cycle grant/fellowship review process, including concurrent external peer review panels and internal expert review submissions, configuring review workflows and tracking decisions in the data management system
- Authored program documentation, policies, and governance frameworks (selection criteria, participant agreements, escalation procedures) and maintained audit-ready records to ensure compliance with internal and funder requirements

U.S. Institute of Peace (USIP)

Washington, DC

Senior Program Officer

2018 - 2022

- Built a \$3M grant portfolio for environmental peacebuilding, peace process, reconciliation, and youth initiatives, establishing monitoring frameworks, tracking key metrics, and advising stakeholders on data-driven program adjustments
- Conducted benchmarking and data analysis to author the “What Works in Youth Projects?” USIP Special Report, informing strategy and stakeholder decision-making

U.S. Institute of Peace (USIP)

Washington, DC

Project Management Roles

2010 - 2018

- Contributed to securing and administering \$30M+ in interagency agreements with State Department and USAID, managing scopes, budgets, and compliance in coordination with finance and legal teams
- Created new China grants program and scaled existing Myanmar/Burma USIP grant portfolio, ensuring accurate and timely submission of narrative and financial reports aligned with grant agreements
- Coordinated multiple funding competitions providing over \$1 million annually in small pilot project funds to local organizations engaging in peacebuilding and capacity building across the rule of law, countering violent extremism (CVE), natural resource conflict, and youth sectors, coordinating agreement issuance, payment tracking, and closeout documentation for each award
- Oversaw 50+ active grants in South Asia and Central Asia, ensuring on-time narrative and financial reporting and funder compliance
